

Dear Customer,

The following pages contain colour labels for you to print and place on your party bags.

**Instructions:**

1. Scroll down through the pages until you find the set of 4 colour labels you would like for your bags.
2. Make a note of the page number you are on, and go to file > print from the menu.
3. Find the “print range” options and select current page or type in the page number of your desired labels.
4. Find the “page handling” options and type in the number of copies you would like in order to label all your party bags, remembering that there are 4 labels per page.
5. Load your printer with sticky label paper or plain paper if you plan to attach your labels with glue or sticky tape.
6. Press print.
7. Write the names of your guests on the labels and fasten to the bags.
